

THE LUXURY RECOVERY SUITE AT SOUTHERN HILLS HOSPITAL

MORE PRIVACY

Southern Hills Hospital and Medical Center recently unveiled a two million dollar renovation to their Women's Services Department. Part of the renovation included the creation of a Luxury Recovery Suite for our families looking for a more private experience.

MORE SPACE

Our beautifully appointed labor recovery suite boasts two rooms which are conjoined. The extra space provides mom privacy if she needs it and a sofa bed for overnight visitors.

MORE AMENITIES

The suite features wood-paneled cabinets, flat-screen televisions, wireless Internet access, Apple TV, personal refrigerators, customized robe and complimentary spa quality products. You'll also receive a celebratory meal from our chef with customized champagne flutes.
